“A fantastic introduction to revolutionising the PE curriculum... Heads of Departments should attend this course to have a greater impact on whole school involvement.”

Daniel, Head of PE

A motivating and inspiring journey to take groups forward across all aspects of students' development, celebrating success and providing challenge... It has enthused and motivated me into a more child centred approach to PE.

Sonia, Secondary PE Teacher

Course Overview

It is increasingly recognised that high quality teaching and learning in PE focuses on the development of the whole child. This course explores what this looks like in practice and supports the teacher in developing a more holistic and effective approach to teaching PE. It shows how PE and Sport, if delivered effectively, is a fantastic vehicle to develop not just physical abilities but also the personal, social, cognitive and creative abilities of pupils.
